

CANNABIS PROCESSING SOLUTIONS

Trim, dry & process cannabis to perfection.

Drying.

Hang or Tray Dry with Super Erecta® Shelving

TYPE
304
STAINLESS STEEL

Solutions specifically designed for cannabis processing.

Metro Super Erecta Drying Racks

- Maximum airflow
- Shelves slide out for easy access
- Available in Type 304 stainless steel
- Quickly converts from hanging to tray drying rack

Tray Drying

Pull-out rack section provides easy access and ability to exchange shelf levels. Wire shelves accommodate standard drying screens.

Metro® drying solutions provide maximum density, airflow and yield.

Easily cleanable, this high density solution stands up to all environments within modern medicinal and recreational cannabis grow facilities.

Best Practice

Load from top down.

Unload from bottom up.

Movable aisle shelving takes advantage of every inch.

- Overhead tracks allow unobstructed utility cart access

Clone your storage.

Grow your capacity by up to 50%

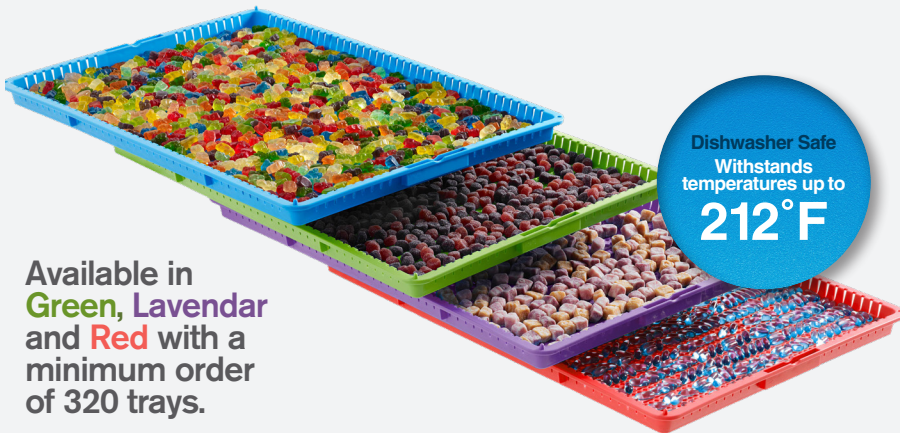

WavDri™ Drying TRAYS

Rest your products on a superior design for efficiency, ergonomics, and cleanability.

Designed to maximize efficiency with superior airflow through a rotation process. The patent pending clamshell rotation process allows you to quickly rotate the buds. Features such as Microban antimicrobial protection make this lightweight polymer drying tray ideal for agribusiness processing.

Increased Air Flow. Reduced Contact.

Dishwasher Safe
Withstands
temperatures up to
212°F

Available in **Green, Lavendar** and **Red** with a minimum order of 320 trays.

Clean & Safe.

WavDri™ trays are designed to be machine washable in temperatures up to 212°F. Trays are manufactured from food-safe polypropylene and are resistant to most cleaning agents including isopropyl alcohol, hydrogen peroxide, and bleach solutions.
