

CRITICAL COVER® BARRIERTECH® GOWNS A FLUID RESISTANT SOLUTION

FEATURES & BENEFITS

BarrierTech gowns are manufactured using a proprietary blend of polypropylene and polyethylene material that provides protection for the wearer from particles, fluids and light chemical splash. These gowns offer a durable and fluid resistant solution for both your lab and/or production areas. BarrierTech material also has a low particle count for use in Controlled Environments. Banded ties are attached to the neck and waist for easy and secure closure.

Construction Details:

Full coverage, elastic wrist and strong, stress-resistant serged seams.

Styles/Sizes

Part No.	Size
GN-22524-3	Univ.

Full coverage, elastic wrist, banded ties at neck and waist, white, 50/case

CRITICAL COVER® GENPRO® GOWNS BASIC PROTECTION FOR NON-HAZARDOUS ENVIRONMENTS

FEATURES & BENEFITS

GenPro gowns keep your clothes clean and remain comfortable all day long. With exceptional breathability and moderate barrier protection, this polypropylene gown performs well in dry, non-hazardous environments. The strong, lightweight GenPro fabric provides a limited barrier to particulates and contamination. Banded collar and tie waist closure.

Construction Details:

Elastic wrist and strong, stress-resistant serged seams.
