

# Critical Cover® SafeStep® Boot Covers

## ANTI-SKID HI-TOP BOOT COVER

### FEATURES & BENEFITS

SafeStep is a proprietary high-performing, environmentally friendly boot cover. It has inherent non-skid physical properties, is strong enough to withstand even the most abrasive floor surfaces and is environmentally friendly. The sole material has a high COF which provides the used with outstanding non-skid properties. The sole material is also extremely clean and durable. The Microbreathe™ upper material is soft, strong, flexible and has a high vapor transmission rate for all-day comfort. The fabric also provides excellent barrier protection and exhibits low particle generation.

The high top boot covers fit over the calf with an elastic top to provide a comfortable fit to prevent the boot cover from sliding down.

#### Construction Details:

Four sizes to choose from to ensure a proper fit. Different thread colors around the opening for convenient size identification.

#### Styles/Sizes

Part No.	Size	Boot Color	Thread Color
