

PROTECTION FOR YOU AND THE ENVIRONMENT

FEATURES & BENEFITS

The SafeStep® is a proprietary high-performing, environmentally friendly Shoe Cover. It has inherent non-skid physical properties and is strong enough to withstand even the most abrasive floor surfaces. The sole material has a high COF, which provides the user with outstanding non-skid properties. The sole material is also extremely clean and durable. The BarrierTech® fabric used in the upper shoe cover provides particle, fluid and light chemical splash protection. SafeStep® is ideal for use in many safety applications or Controlled Environments.

Construction Details:

Four sizes to choose from to ensure a proper fit. Different thread colors around the opening provide convenient size identification.

Styles/Sizes

Part No.	Size	Shoe Color	Thread Color
SH-E1715-BH	M	White	Yellow
