

Critical Cover® MVT & Microbreathe® Face Masks

CRITICAL COVER® MVT HIGHLY BREATHABLE FACE MASKS

FEATURES & BENEFITS

This 7" MVT highly breathable facemask is comfortable to wear while providing limited filtration efficiency. The soft inner facing provides for all-day comfort and the ultrasonic weld design yields a complete facial seal every time. Two styles to choose from: soft comfortable knit ear loops or ties ultrasonically welded to mask.

CRITICAL COVER® MICROBREATHE® FACE MASKS *DESIGNED FOR CLEANROOM USE*

FEATURES & BENEFITS

The interior of this 7" facemask is made of a soft, lightweight thermal bond material that provides the user with a comfortable fit. This fluid resistant design provides high filtration efficiency while remaining a very breathable facemask. The facemask has soft knit ear loops that are ultrasonically welded on the sides. Made in the USA. ASTM F2100 Compliant Level 1 mask.
